Cockeysville Middle School
Community School Progress Summary 2020-2021
Principal Adam Carney

BCPS Vision: Baltimore County Public Schools will be among the highest performing school systems in the nation as a result of creating, sustaining, and investing in excellence for every student, every school, and every community.	**School Mission:** We will empower ALL students to experience success and cultivate their full potential in an equitable, rigorous, and culturally relevant environment that fosters academic and social/emotional growth while preparing students for college and career.

ACTION STEPS

Culture

Action Step(s):
- Instructional Leaders will emphasize appropriate differentiation for all learners including professional development on diverse instructional strategies that can be used in both remote and face-to-face settings
- Implementation of school-wide reading strategy across content areas
- Advisory groups will be organized by grade level to add another layer of grade-level specific support.

Mathematics
Goal: All students will achieve mathematics proficiency as indicated by the MCAP assessment.

Action Step(s):
- Teachers will identify and implement appropriate scaffolds for instruction to promote student independence and to ensure students receiving special education services can access grade level content.
- Teachers will provide multiple and flexible methods of presentation to give students varying ways of acquiring and demonstrating knowledge.

Literacy
Goal: All students will achieve literacy proficiency as indicated by the MCAP assessment.

Action Step(s):
- Teachers ask critical thinking questions of all students and provide opportunities for all students to demonstrate independence.
- Teachers will implement system programs and resources with fidelity while being responsive to learner variability within the parameters of the programs and resources.

Safe and Secure Environment

Action Step(s):

- Teachers will consider student voice and advocacy in instructional decision making.
- Teachers will implement system programs and resources with fidelity while being responsive to learner variability within the parameters of the programs and resources.
- Teachers will provide multiple and flexible methods of presentation to give students varying ways of acquiring and demonstrating knowledge.
